   - LensCrafters  
   - Pearle Vision  
   - Sears Optical  
   - Target Optical  
   - EYEXAM of California  
   
We are the #1 Optical Retailer in North America, with 3,100 locations. Luxottica Retail also includes Sunglass Hut, with another 1,500 locations in North America. 2. Are doctors employees of Luxottica Retail? *There are a variety of ways to affiliate with Luxottica Retail, including employment in certain states. Here is an overview:*

   - **Employee of Luxottica Retail** – In Illinois, Maryland, Michigan, Minnesota, Nebraska, New York, Pennsylvania, Utah, Vermont, Wisconsin, Washington DC and Puerto Rico doctors may be employees of Luxottica Retail. In California, doctors are employed by Luxottica’s EYEXAM of California, Inc., a licensed vision care service plan. As an employed doctor, you receive a base salary plus benefits.

   - **Independent Subleasing Doctor** – As an independent subleasing doctor, you lease office space at or next door to our retail locations. Luxottica Retail operates the dispensary, while you operate the office and perform full-scope optometry. Just like a private practice, you set your own professional fees and keep the associated patient revenues for your professional services. Your rent includes a furnished, well-equipped office.

   - **Associate of a Subleasing Doctor** – You will work within the practice of a subleasing doctor or franchisee as an employee or as a contracted doctor. Your pay and hours are negotiated directly between you and the subleasing doctor and franchisee.
 Pearle Vision Franchisee – As a franchisee, you operate the entire location – the office as well as the dispensary. You keep all of your patient revenues, but pay a royalty and advertising contribution to Pearle Vision.

3. Is it better to be a sublease OD or an employee? You should carefully consider which type of affiliation is right for you at this time in your career. Some affiliation arrangements have greater risk and also greater opportunity for financial reward. If you are entrepreneurial by nature, then a sublease or franchise arrangement may be best for you. If you prefer to focus on patient care and have less interest in the business side of things, then working as an associate OD or employed OD may be best for you. Here’s a simplified overview:

2. **How many patients should I expect to see per day?** That’s up to you and how you build your practice. We work collaboratively with you to determine your preferred scheduling methods.
